

MOBILE POWER PLANT NIAS (25MW)

- a. Client : **PT PLN (PERSERO)**
- b. TRIPATRA's role : **Lead Consortium**
- c. Contract Value : **US\$ 37,854,990 (EPC)**
- d. Location : **Nias – Sumatera Utara**
- e. Scope of work :

The power plant will have size of 25MW minimum net output capacities at site with maximum of +20% power output tolerance. The Facility will utilize the dual-fuel gas turbine or gas engine technology for power generation.

The dual fuel will be HSD Fuel Oil and Natural Gas, and the power plant will have the capability to operate and switchover between either fuels. The natural gas is intended to be the primary fuel while the fuel oil will be the secondary or back up fuel when gas fuel is not available. The facility is expected to operate with fuel oil on the commercial operation date due to in availability of gas supply at that time. The fuel gas shall be sourced from re-gasified Liquefied Natural Gas (LNG)

- f. Period : **6 July 2017 – 2018**
- g. Status : **Ongoing**
- h. Client's Representative : **Sofyan Basir**
President Director

Subject : **Announcement of the
Successful Bidder
Mobile Power Plant Nias
(25 MW)**

To :

1. Consortium PT Truba Jaya
Engineering – PT Central Daya
Energi
2. Consortium PT. Tripatra
Engineers and Constructors –
PT Prastiwahyu Trimitra
Engineering

With reference to tender for Mobile Power Plant Nias (25 MW), we are pleased to announce that proposal of Consortium PT. Tripatra Engineers and Constructors – PT Prastiwahyu Trimitra Engineering, has been evaluated to be substantially responsive to the Bid documents, and it has offered the lowest Levelized Electricity Generating Cost (LEGC). Therefore, Consortium PT. Tripatra Engineers and Constructors – PT Prastiwahyu Trimitra Engineering is determined as a Successful Bidder for Mobile Power Plant Nias (25 MW).

Thank you for your kind attention and cooperation.
